This application is in condition for allowance except for the following formal matters:

The Abstract contains legal phraseology.

The preliminary amendment of 2/18/05 amends the claims to eliminate multiple dependency but the dependent claims do not find proper antecedent support in the claims from which they now depend.

For example, "the intermediate storage tank or treatment process" of claims 4 and 9-11 is not found in claim 1 but rather in claim 2. Also the "unloader" of claim 6 has no antecedent support.

Likewise the "intermediate storage or treating process" of claims 15 and 20-22 does not find its support in claim 12 nor is there an "unloader" of claim 17.

The remaining claims should likewise be checked for proper antecedent support for their recited elements.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Claims 1-22 are allowed.
